In a climate of national and international policy reform in environmental education this study is designed to examine the ways in which environmental education is implemented by teacher educators (n=11) in a particular teacher education institution in India.

Environmental Education in a Climate of Reform | SpringerLink

It offers valuable insights to a global audience grappling with understanding the ways in which environmental education policies are put into practice in emerging economies like India. The final argument is thesis that while policy reforms are a step in the right direction they need to be backed up with strong implementation systems in order to be successful.”<

Environmental education in a climate of reform ...

In a climate of national and international policy reform in environmental education this study is designed to examine the ways in which environmental education is implemented by teacher educators (n=11) in a particular teacher education institution in India. The rapid economic progression particularly over the last decade has led to environmental problems of an unprecedented level. India has struggled to keep pace with these problems resulting in the judiciary stepping in and ordering
