Thanks for stopping by! In college my professors told me that the best teachers are the people who beg, borrow, and steal. Great educators look for new ideas, work hard to adapt concepts for their situation, and are continually talking with other teachers about what they can do to improve their practice.

Wondering how to create a classroom culture in your district where students don't want to stop exploring mathematics when the bell rings? Get introduced to our 3-part framework for building easy to plan and fun to deliver lessons that kids will not only love, but also learn from

regardless of their level of readiness.

### **Popular Crime: Reflections on the Celebration of Violence ...**

On your television at this moment there are four channels covering true crime stories, and five more doing detective fiction. And yet, on a certain level, we are profoundly ashamed of this fascination. If you go into a good used book store and ask if they have a section of crime books, you will get one of two reactions. One is, the clerk will look at you as if you had asked whether they had
