The Future of The Present [SHORT STORY] Add Comment. by Malini Venkataraman. Written by Malini Venkataraman. It was a sunny Sunday noon. Pinky and Chotu were getting bored. They had watched enough of television and had finished their home works too. Just then Chotu remembered about his remote control car bought years ago. He quickly ran to the storage room and looked for his car. Pinky also.

In addition, wastewater from factories contains harmful chemicals that can be poisonous to marine life. This wastewater is also very hot, and when it is pumped into waterways, it has the effect of heating up the temperature of the water.

A short story about nature care - Bedtime Stories

Once upon a time, a boy was walking through a wood and he thought he could hear a sad cry, as though someone was crying while singing. Following the sound he came to a big, round, mysterious, grey fountain.

Short Story about Environment - THE ECO DAY,

Burning wood to high extent also results in pollution and also throwing of this waste wood in the lake pollutes the environment. An idea of making people aware about these activities came in my mind. I just wanted them to plant more and more trees.
